TO: Each Supervisor
FOM: Calvin C. Remington
Acting Chief Probation Officer

SUBJECT: **CAMP DAVID GONZALES WATER BOIL ORDER**

This is to advise your Board of a Public Health Boiled Water Order for Camp David Gonzales issued on November 4, 2011 at approximately 5:30 p.m. On Friday, at approximately 11:30 a.m., the Internal Service Department was digging in order to repair the school sewer line when the camp's water main was ruptured requiring the camp's main water line valve to be shut off.

Also on Friday, it was determined that the camp would remain operational and would not be required to evacuate. Should evacuation be necessary, Probation's Transportation Division is prepared to transport the youth to Challenger Memorial Youth Center Camp Smith. Camp Smith is currently closed but is ready to receive up to 110 youth. The camp's population on Friday was 105 with 15 staff on duty.

As the kitchen was closed, arrangements were made for drinking water and meals. Portable toilets were delivered to the camp on Friday and will remain on site. As of 6:30 p.m. on Friday, the main water line was repaired.

The camp will remain on a Boiled Water Order until two sample sets of bacteriological sampling and analysis are completed exhibiting total coliform negative results.

I will apprise the Board with more information as it becomes available.
